11:00 AM - 11:30 AM Weekly ASLM Meeting -- Room 5153

1:00 PM - 2:00 PM Weekly Politicals Meeting -- Secretary's Conference Room- 5160

Weekly politicals meetings- room 5160.

2:00 PM - 4:00 PM Desk Time

4:30 PM - 5:30 PM Meeting w/ Governor Martinez (NM) Office -- Room 6342 - U.S. Department of the Interior, 1849 C St

NW, Washington, DC 20240, USA

Background:

Governor Martinez has led a coalition of western states to devise recommendations to streamline federal oversight of oil and gas development and expedite its permitting. Due to BLM permitting delays, New Mexico fails to realize approximately \$831,000 per day in state severance tax and the federal government fails to realize approximately \$1,473,000 per day in federal royalties. Annually, that's over \$300 million lost to New Mexico and over \$500 million lost to the federal government from lands located in New Mexico alone.

RPC - Fair Return and Valuation Subcommittee -- 1 (b) (5) Participant: (b) (5) Team -

Due to the current lack of appropriations bill - and the resulting complexities involved - I am pushing the FRV Subcommittee meeting 1 week. On the 31st, we will get recommendations from each working group of agenda items for the full RPC meeting in February. We will approve or reject items as approvals from the FRV Subcommittee during the meeting.

Thank you.

This time is set aside for bi-weekly meetings of the RPC Fair Return and Value subcommittee to discuss ongoing projects.

Sure. 9:30 tomorrow still works. My assistant Carmen will send around a call in number. I hope to have someone from our energy branch join the call or be available in person in Hartford.

Cheers

Vincent,
Thanks for the note. My schedule on Tuesday morning (2/13) is very
tight (I have an event in the morning in New Haven), but my assistant
Carmen has been known to work miracles. I have a small window
between 9:30 and 10:30, although part of that will be in the car.
Also, depending on what you'd specifically like to talk about, I can
bring someone from my energy Branch (Mary Sotos is the Deputy
Commissioner on that side), or my Environmental Quality or
Environmental Conservation branches (Bob Kaliszewski and Susan Whalen
are the Deputy Commissioners for those branches of the agency).
Let me know what makes sense, and what topics you'd like to cover.
Cheers,

Commissioner,

If you have availability Tuesday morning, I would enjoy a visit to discuss the recently announced off shore wind RFP and our off shore wind initiatives. Thank you.

Just wanted to shoot you a quick note to introduce you to Vincent DeVito, Counselor to the Secretary of Interior for Energy Policy.

Vincent is planning on being in your state on Feb 13 and would love to sit down and have a meeting with you while he is in town. Figured you both could take it from here.

Have a great weekend!

RE-SCHEDULED DATE -- NEMWI BOARD OF DIRECTORS ANNUAL MEETING -- AND THE ANNUAL CAPITOL HILL RECEPTION THAT EVENING -- Tuesday, February 13, 2018 -- 50 F Street Office of NEMWI, the Eagle Room, for the Annual Meeting of the Board -- And the Capitol Hill Visitor Center Atrium for the Evening Capitol Hill Reception

To the Board of Directors:

My sincere apologies but a scheduling conflict necessitates that we shift our Annual Meeting of the NEMWI Board of Directors which originally was scheduled for Thursday, February 15, 2018, to the new date of Tuesday, February 13, 2018. The meeting is scheduled to run from 10 a.m. to 3 p.m. and will be held at our NEMWI office at 50 F Street, Washington, D.C., in the Eagle Room.

In the evening on the same date, now Tuesday, February 13, 2018, from 5:30 p.m. to 7:30 p.m., we host our Annual Capitol Hill Reception at the Capitol Hill Visitor Center Atrium.

I just wanted everyone to be able to note on your calendars this revised date of Tuesday, February 13, 2018, for the Annual Meeting of the Board and also the Annual Capitol Hill Reception.

Thanks so much.

or workshops and EPRNC's research focuses on the intersection of petroleum economics, regulatory issues, and public policy. Last year we did a very successful workshop on the "Future of Asian LNG" (also attached) and it was supported by both the governments of Japan and U.S. For this workshop we want to address four issues, (i) the surge in natural gas production and the implications for liquid production, (ii) infrastructure and regulatory risks, (iii) demand risks — whose going to buy the gas, and (iv) cost and competitive risks. We will be off the record. If you can spare the time, we would benefit from your participation (perhaps at a roundtable discussion at lunch. For what it worth, EPRINC's Chairman and myself both worked at Interior back in the day (and that was a long time ago). </blockquote>

Ørsted Round-Table Discussion with Thomas Brostrøm - Ethics Appr. -- The Atlantic Council, 1030 15th Street NW, 12th Floor (West Tower Elevators), Washington, DC 20005

Dear Colleague,<u></u></u><u></u></u> </u>The Atlantic Council Global Energy Center is pleased to invite you to join us on Thursday, April 26 from 12:45 to 2:00 p.m. for a private roundtable conversation with Ørsted North America President Thomas Brostrøm as he discusses Ørsted's transformation from an oil company to a clean energy company, his perspective on the future of wind energy in the United States, and the competition and complementarities between wind and natural gas in modern, decarbonizing energy systems.<u></u><u></u><u></u> </u>Ørsted, previously known as Danish Oil and Natural Gas, has undergone a profound transformation in recent years. In recognition of the challenge presented by climate change and the opportunities afforded by the global energy transition, the company divested its fossil fuel assets and made new investments that have seen it become one of the world's fastest-growing and most active clean energy firms. The company is particularly strong in the offshore wind sector, where it has used its offshore oil and natural gas experience to build a robust new business, including in the United States. With Ørsted now among those bidding to build the first utility-scale offshore wind projects along the East Coast of the United States, it is a consequential moment for both the company and the entire US wind sector.<u></u></u><u></u></u> Please RSVP to Becca Hunziker by emailing <a</pre>

All,

Please fill out Waves here for tomorrow's PCC:

(b) (5)

Below is the agenda for tomorrow's planning session for a Major Economies Meeting that promotes the strategic objectives identified in the U.S. Foreign Energy Policy Integrated Strategy (signed by the President April 23 and to be distributed to the interagency through ExecSec channels this week). Please be prepared to provide updates as appropriate on the February PCC SOC (attached).

Agenda:

- MFM Timeline
- o Relationship to other multilateral events (e.g., G-7, G-20, etc.)
- Objectives/Agenda
- Association with Clean Fossil Fuel Alliance
- o Tie to MDB Policy on Fossil Fuels?
- Invitee List

Also attached for review are:

- The SOC from the February PCC
- 2. Draft MEM Agenda from Feb PCC
- Draft DOE Documents on the Clean Fossil Fuel Alliance

Please let me know if you have any further questions.

Best, Landon

Vincent would like for us to have an in-person meeting next week about this. Mainly, we'd want to discuss the timeline of events as these reports roll out and the areas in which we will need guidance as you suggested.

It was great seeing you again, and I think that this week's public meeting went very well.

Best,

Josh

External - Canadian Embassy Meeting -- Room 6151, U.S. Department of the Interior, 1849 C Street, NW, Washington, D.C.

From: Downes, David <david_downes@ios.doi.gov>

Date: Thu, Jun 21, 2018 at 8:38 AM

Subject: Request from Canada for meeting with Counselor Devito

To: Gisella Ojeda-dodds <gisella_ojeda-dodds@ios.doi.gov>

Cc: Ryan Close <ryan_close@ios.doi.gov>

Hi Gisella,

The Canadian Embassy has asked us if Counselor DeVito would be available to meet with Jay Khosla, Assistant Deputy Minister (Energy Sector), Natural Resources Canada, at some point on June 27 between 1:30 and 5:00 pm.

Mr. Khosla is interested in discussing:

- DOI initiatives and priorities for energy development;
- Potential development of a more collaborative relationship with Natural Resources Canada on energy.

Can you advise if Vincent is available at that time and if so, interested in taking the meeting?

Thank you, David

There are several platform designs: Are there more to come or is
consolidation about to occur? What are the areas of O&G expertise
that can contribute to accelerating the transfer of know-how in
platform design and bring real benefits to the U.S. floating offshore
wind market? Can floating offshore wind be married with O&G to
accelerate design? Is there applicability as floating offshore wind
platforms start to be designed for serial production? What other
factors go into platform design? What are the technical points of
risk and vulnerability for floating offshore wind platforms and are
some of the solutions embedded within O&G companies and research
institutions? What may we expect in the future of floating offshore
wind platform design and how can U.S. O&G become involved?

What are the best anchoring mechanisms and mooring systems to provide favorable mechanical properties? Similarly, what considerations go into dynamic cables in design and installation? What additional technical solutions are required? Is HDVC cable important for the U.S. floating offshore wind market?
